

ADVENTURE KIDS

BUILD A BIRDHOUSE

Step 1

Building a Birdhouse

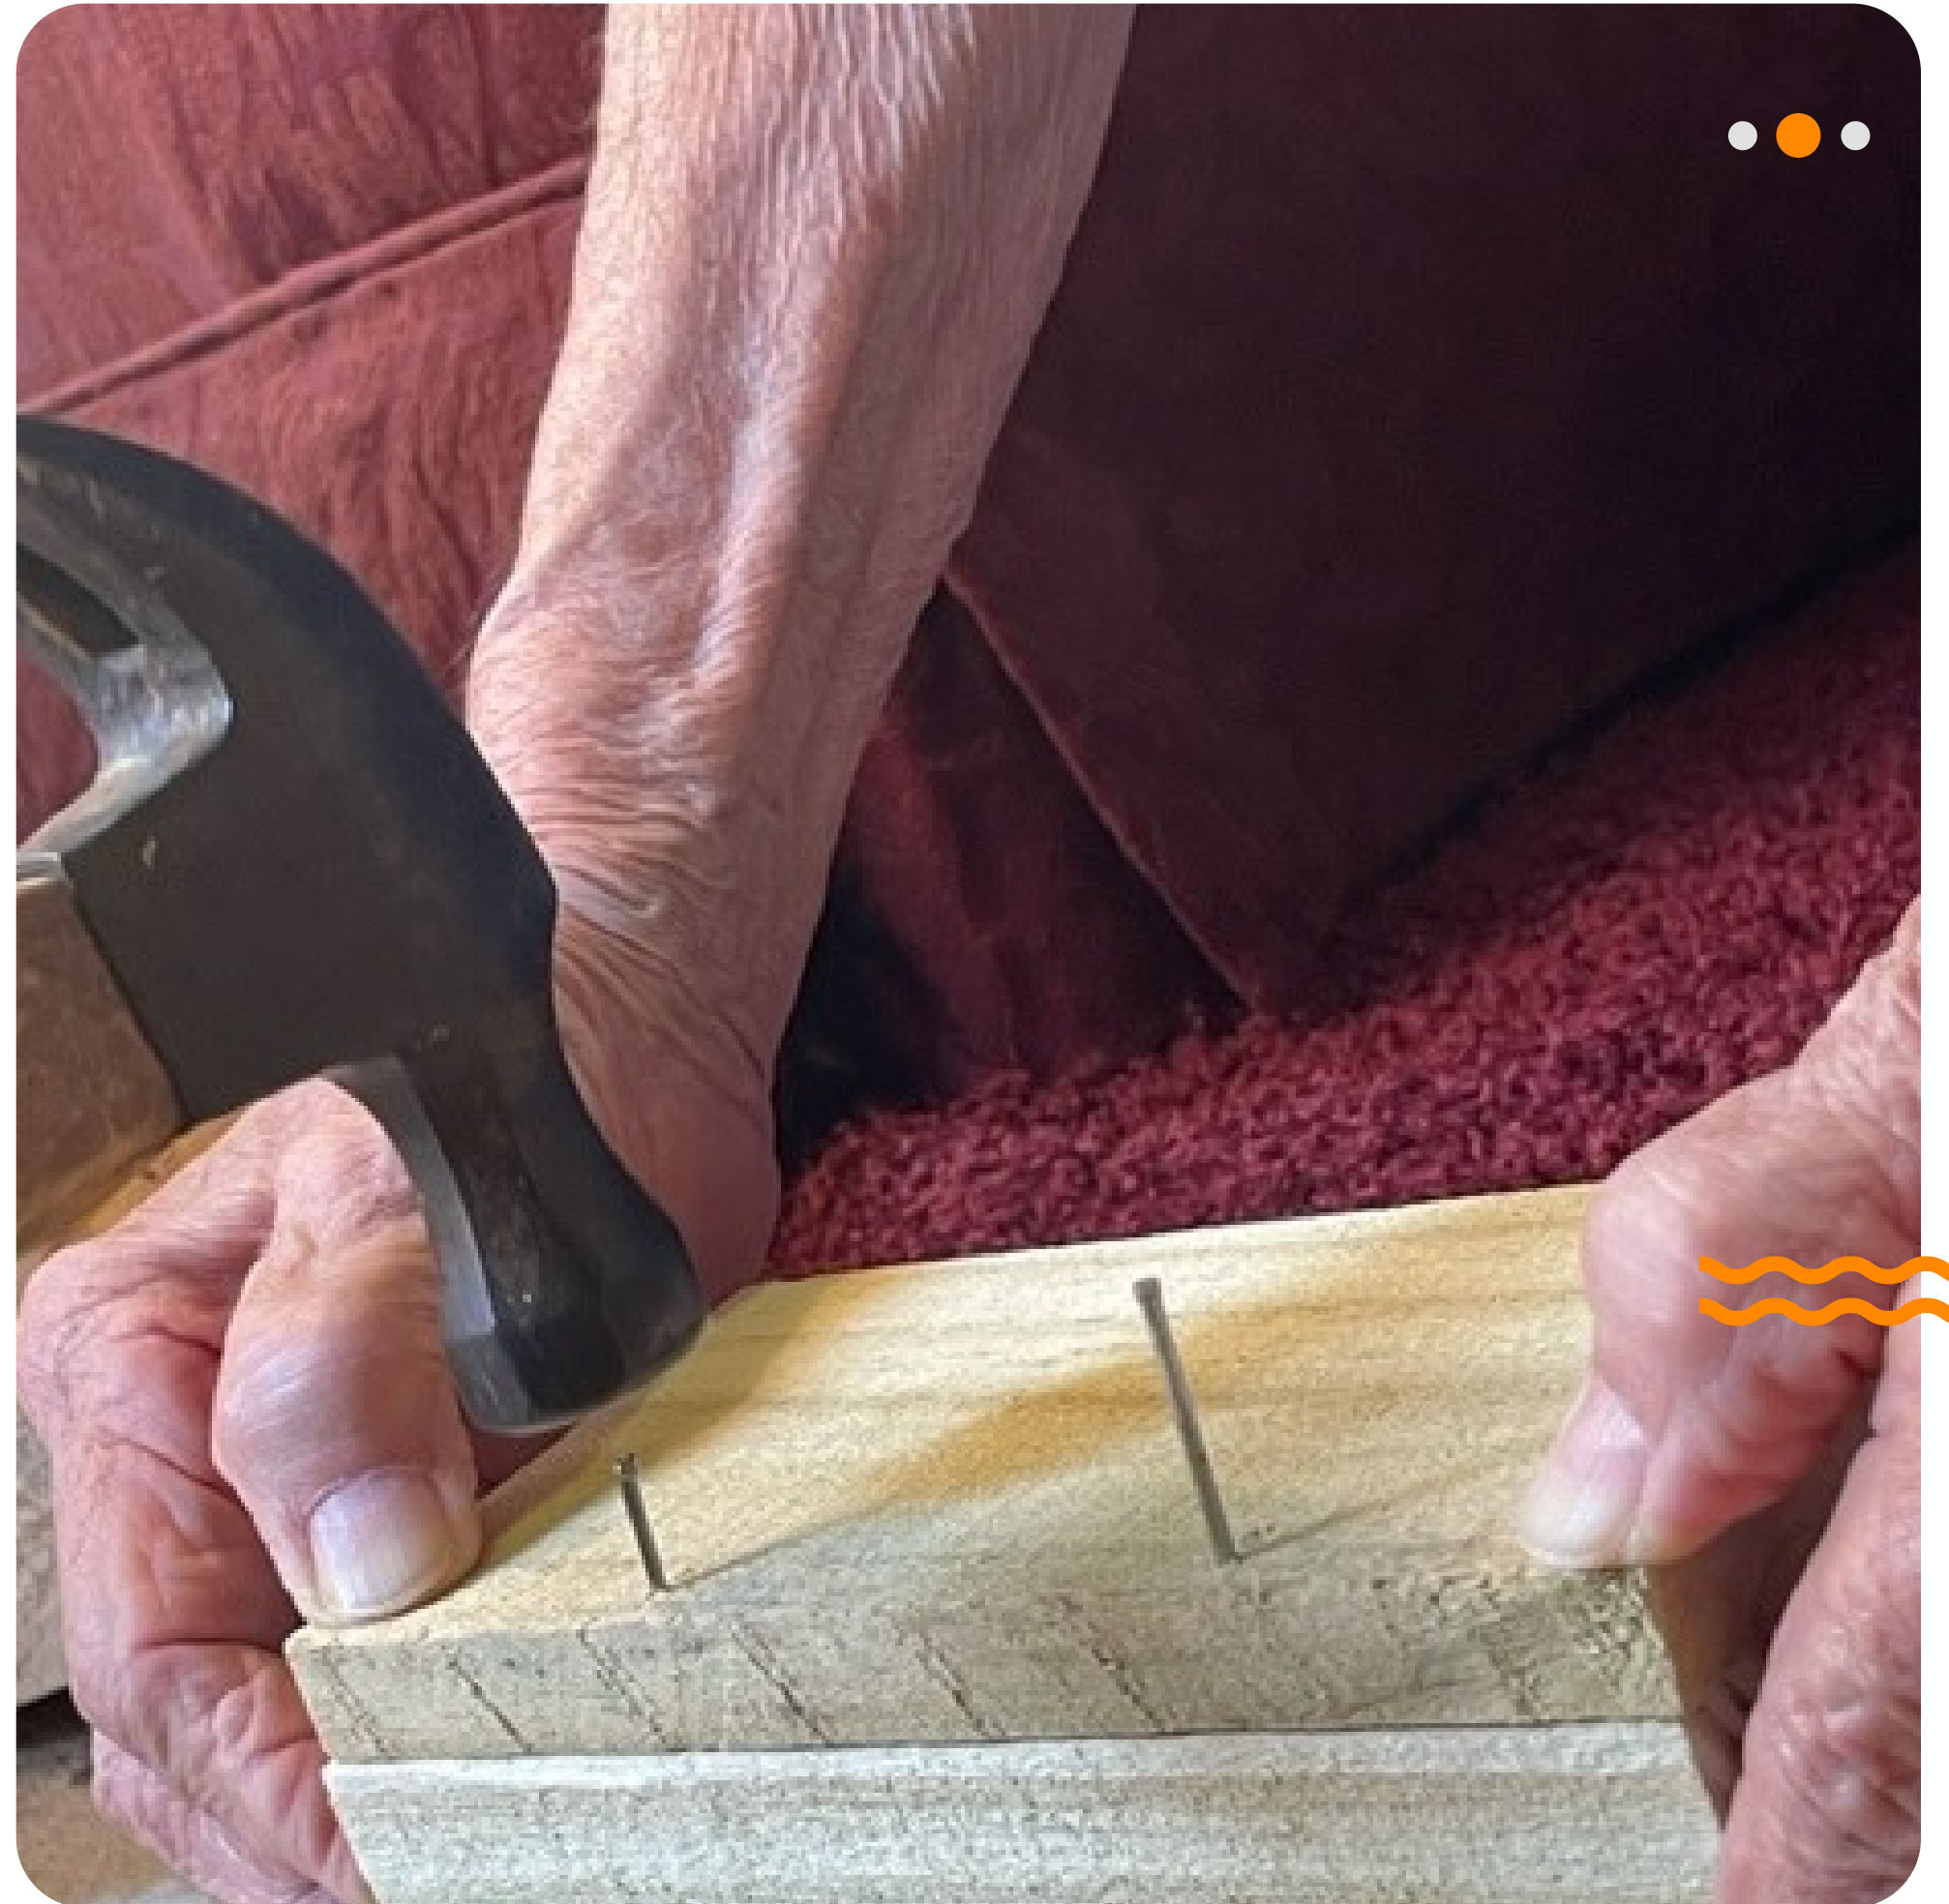

Step 2
Apply glue to the
larger roof
piece.

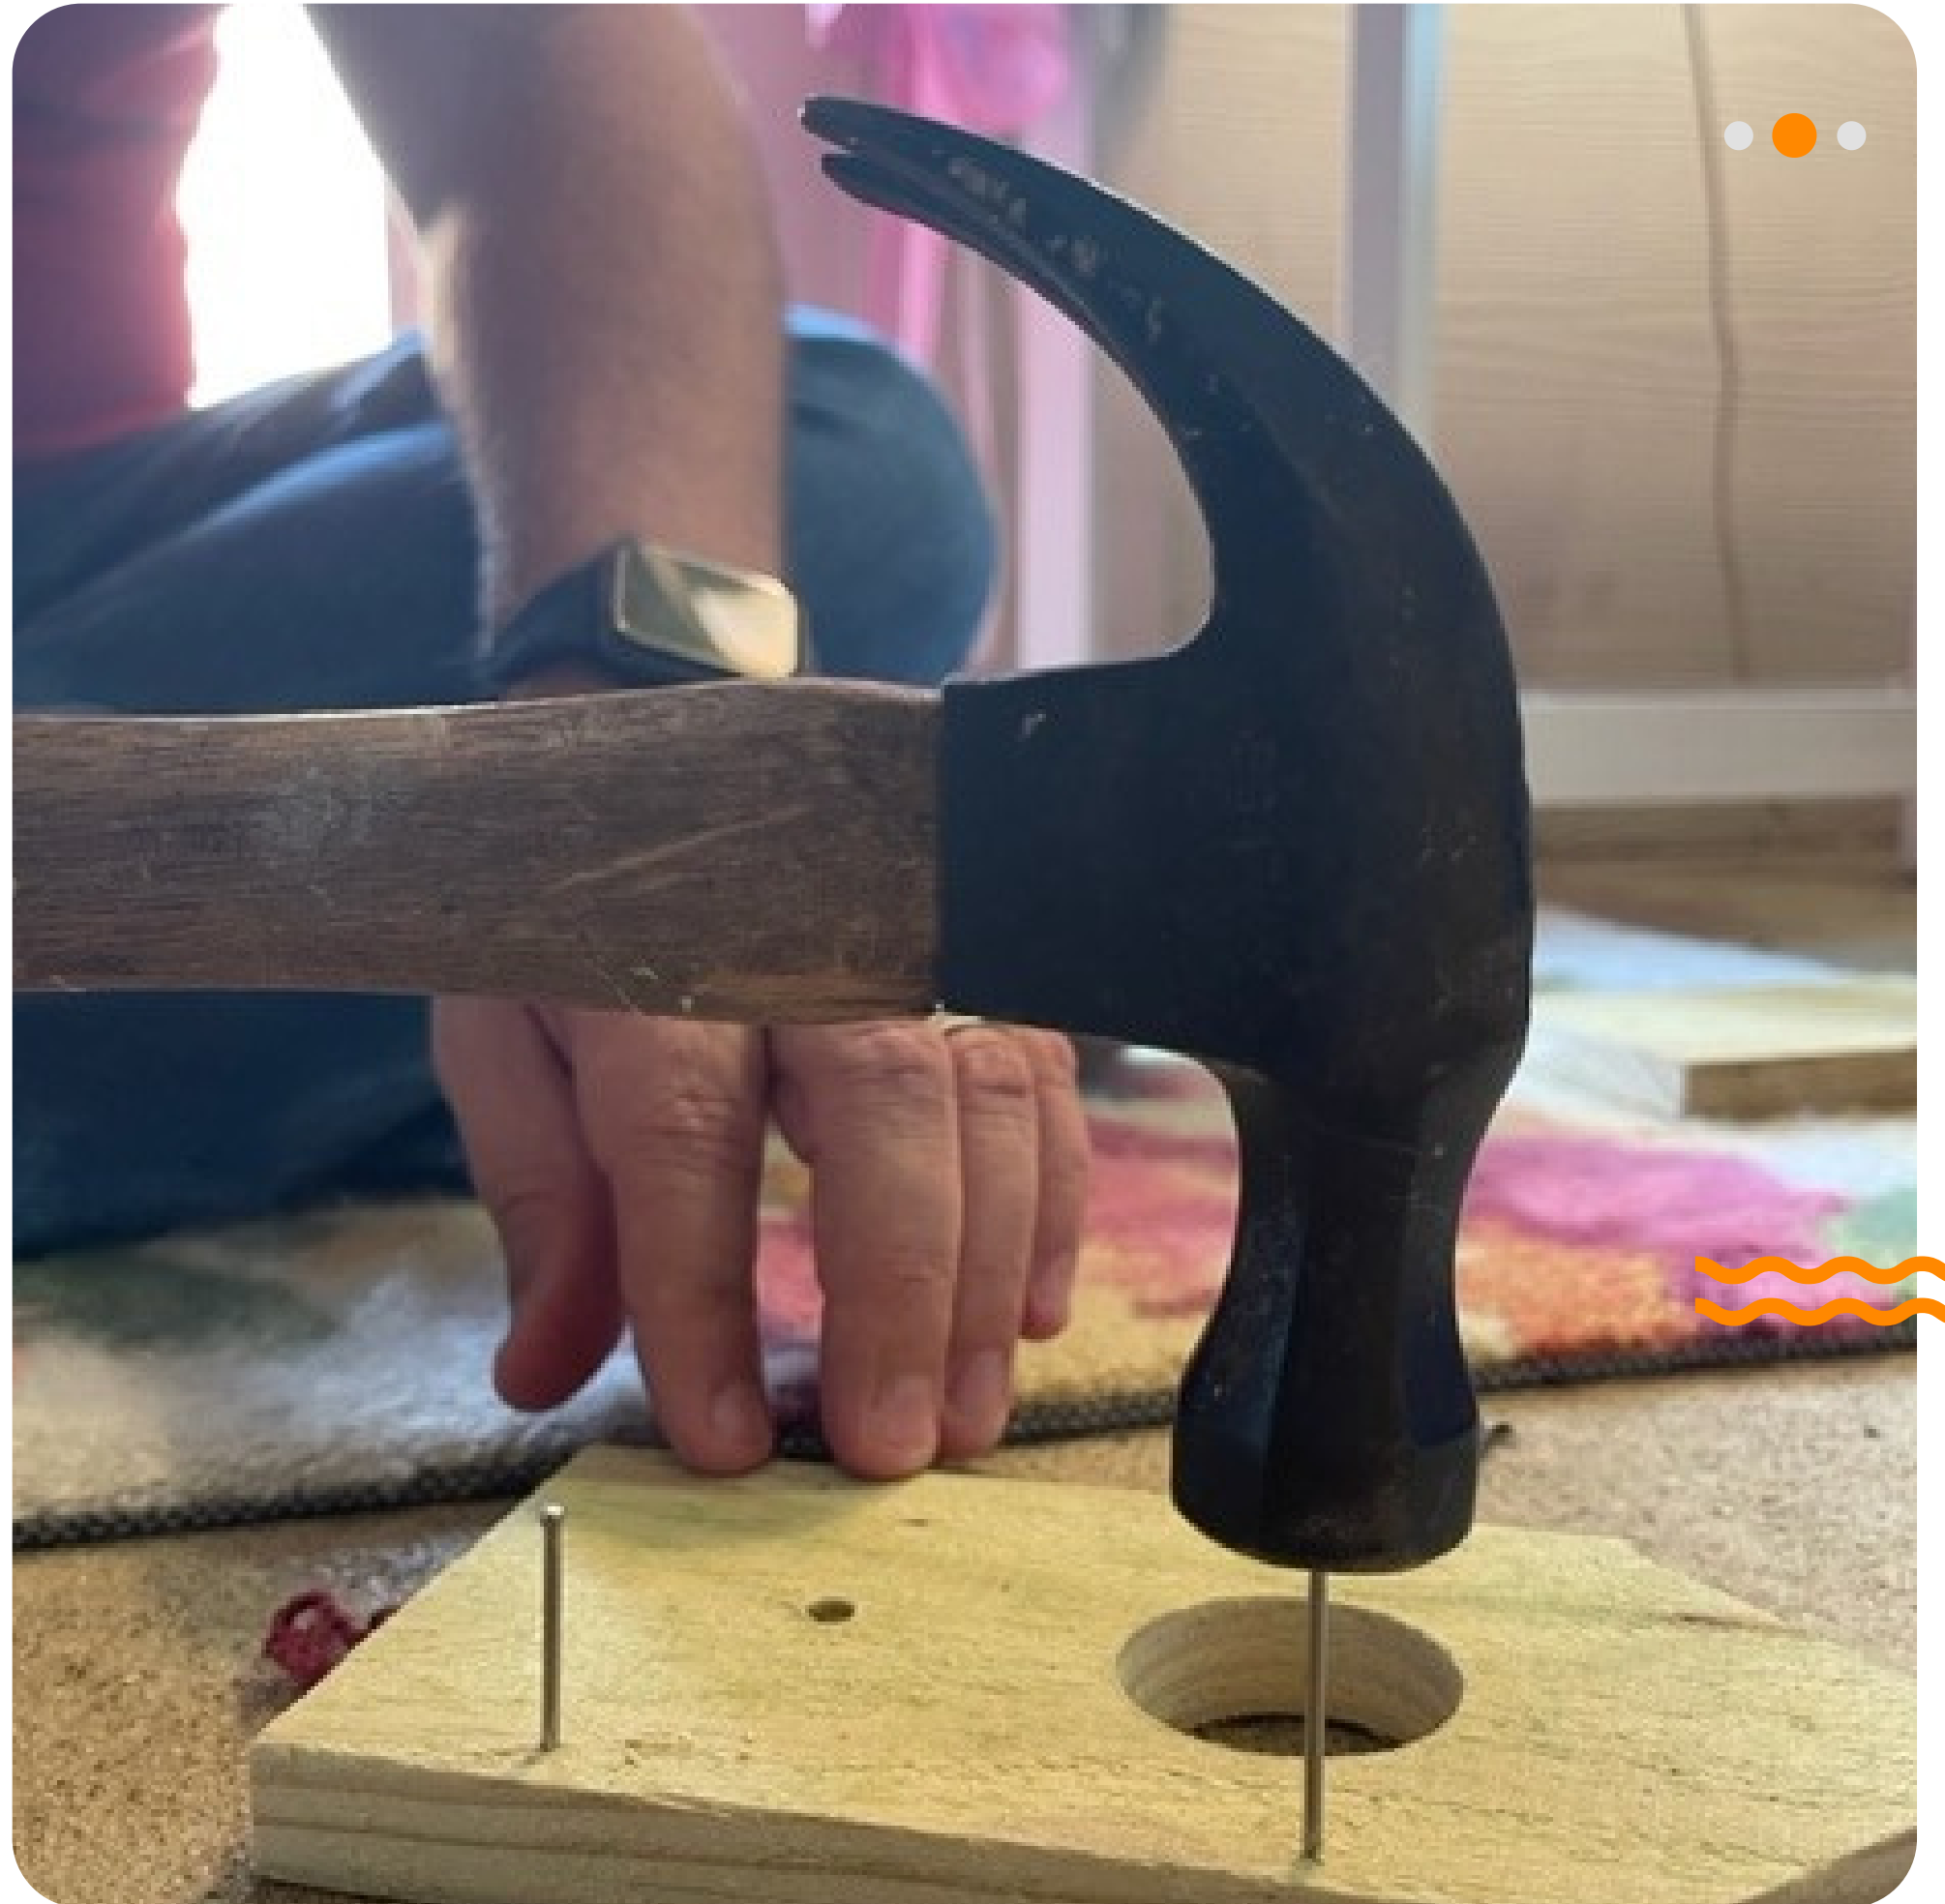

Step 3

Nail the two roof pieces together.

Step 4

Start nails to apply front.

Step 5

Apply Glue to where the nails will be driven on the other side to connect the two pieces.

Step 6

Nail front and side together.

Step 7

In preparation to attach the front and the other side, start the nails, then apply glue.

Step 8
Finish driving the
nails to attach
the front to the
other side.

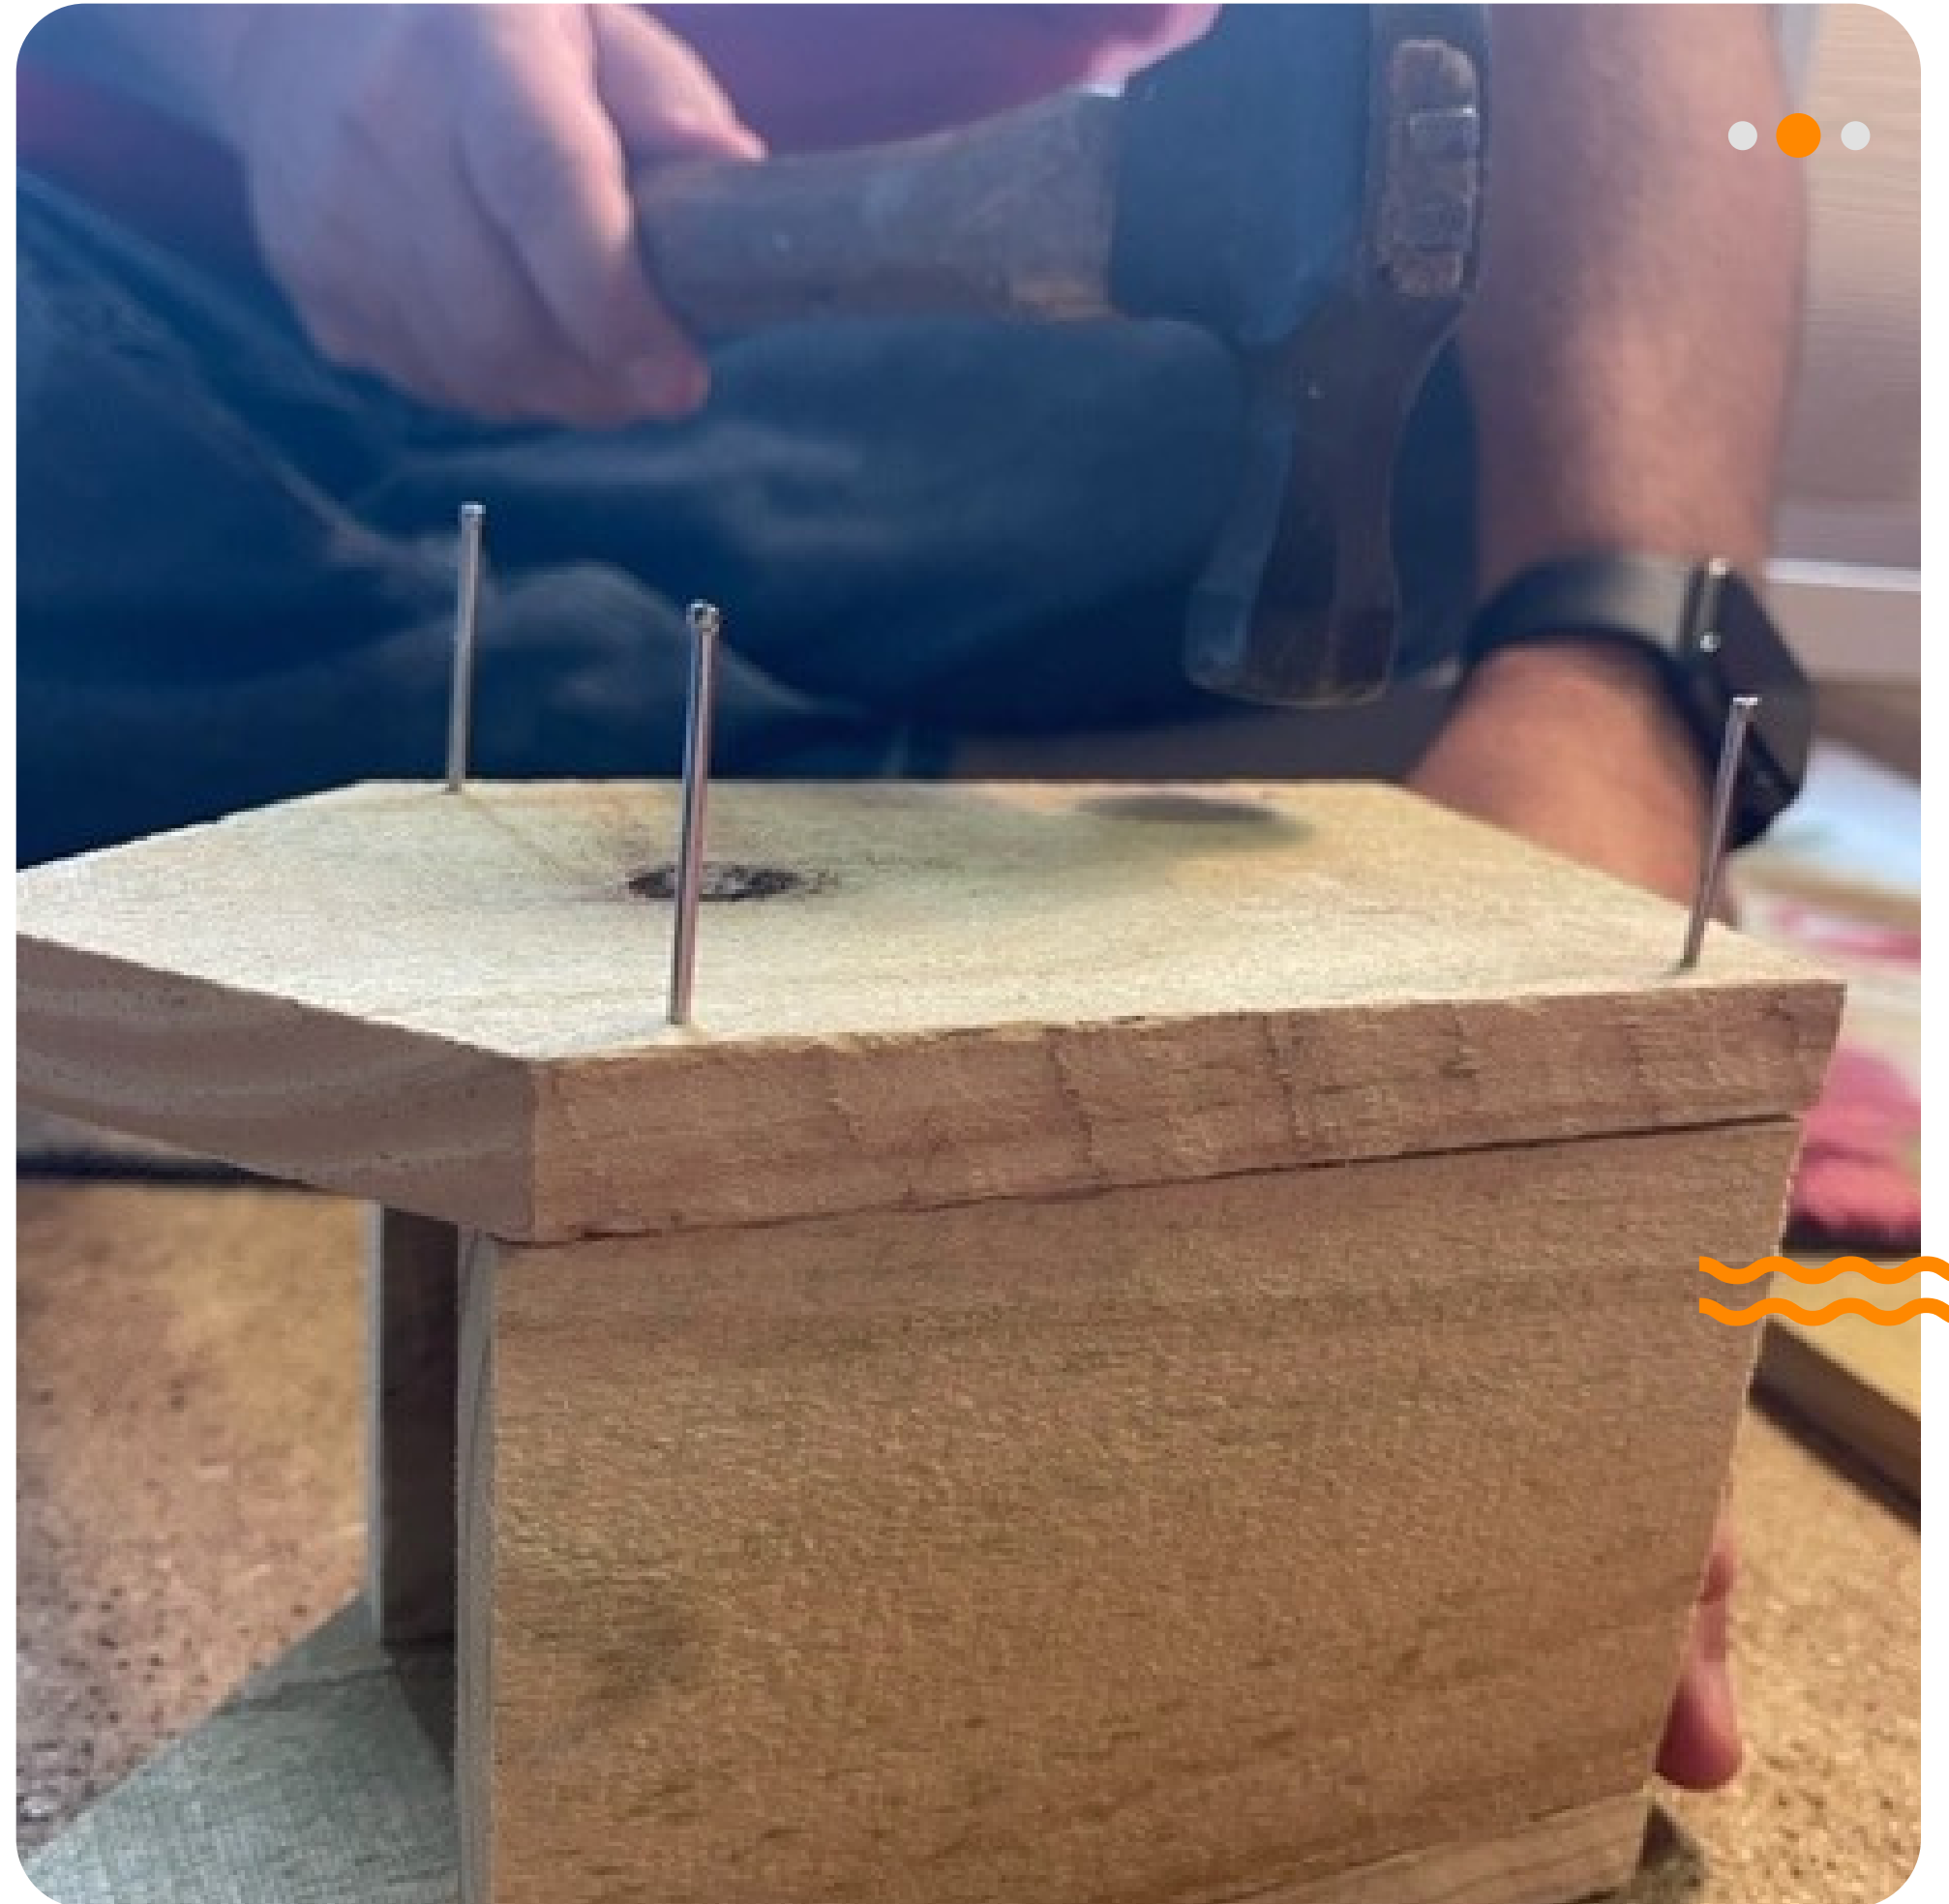

Step 9
Start the nails to
the back and
then apply glue
to the back.

Step 10

Finish the nails to connect the back with the sides and the front.

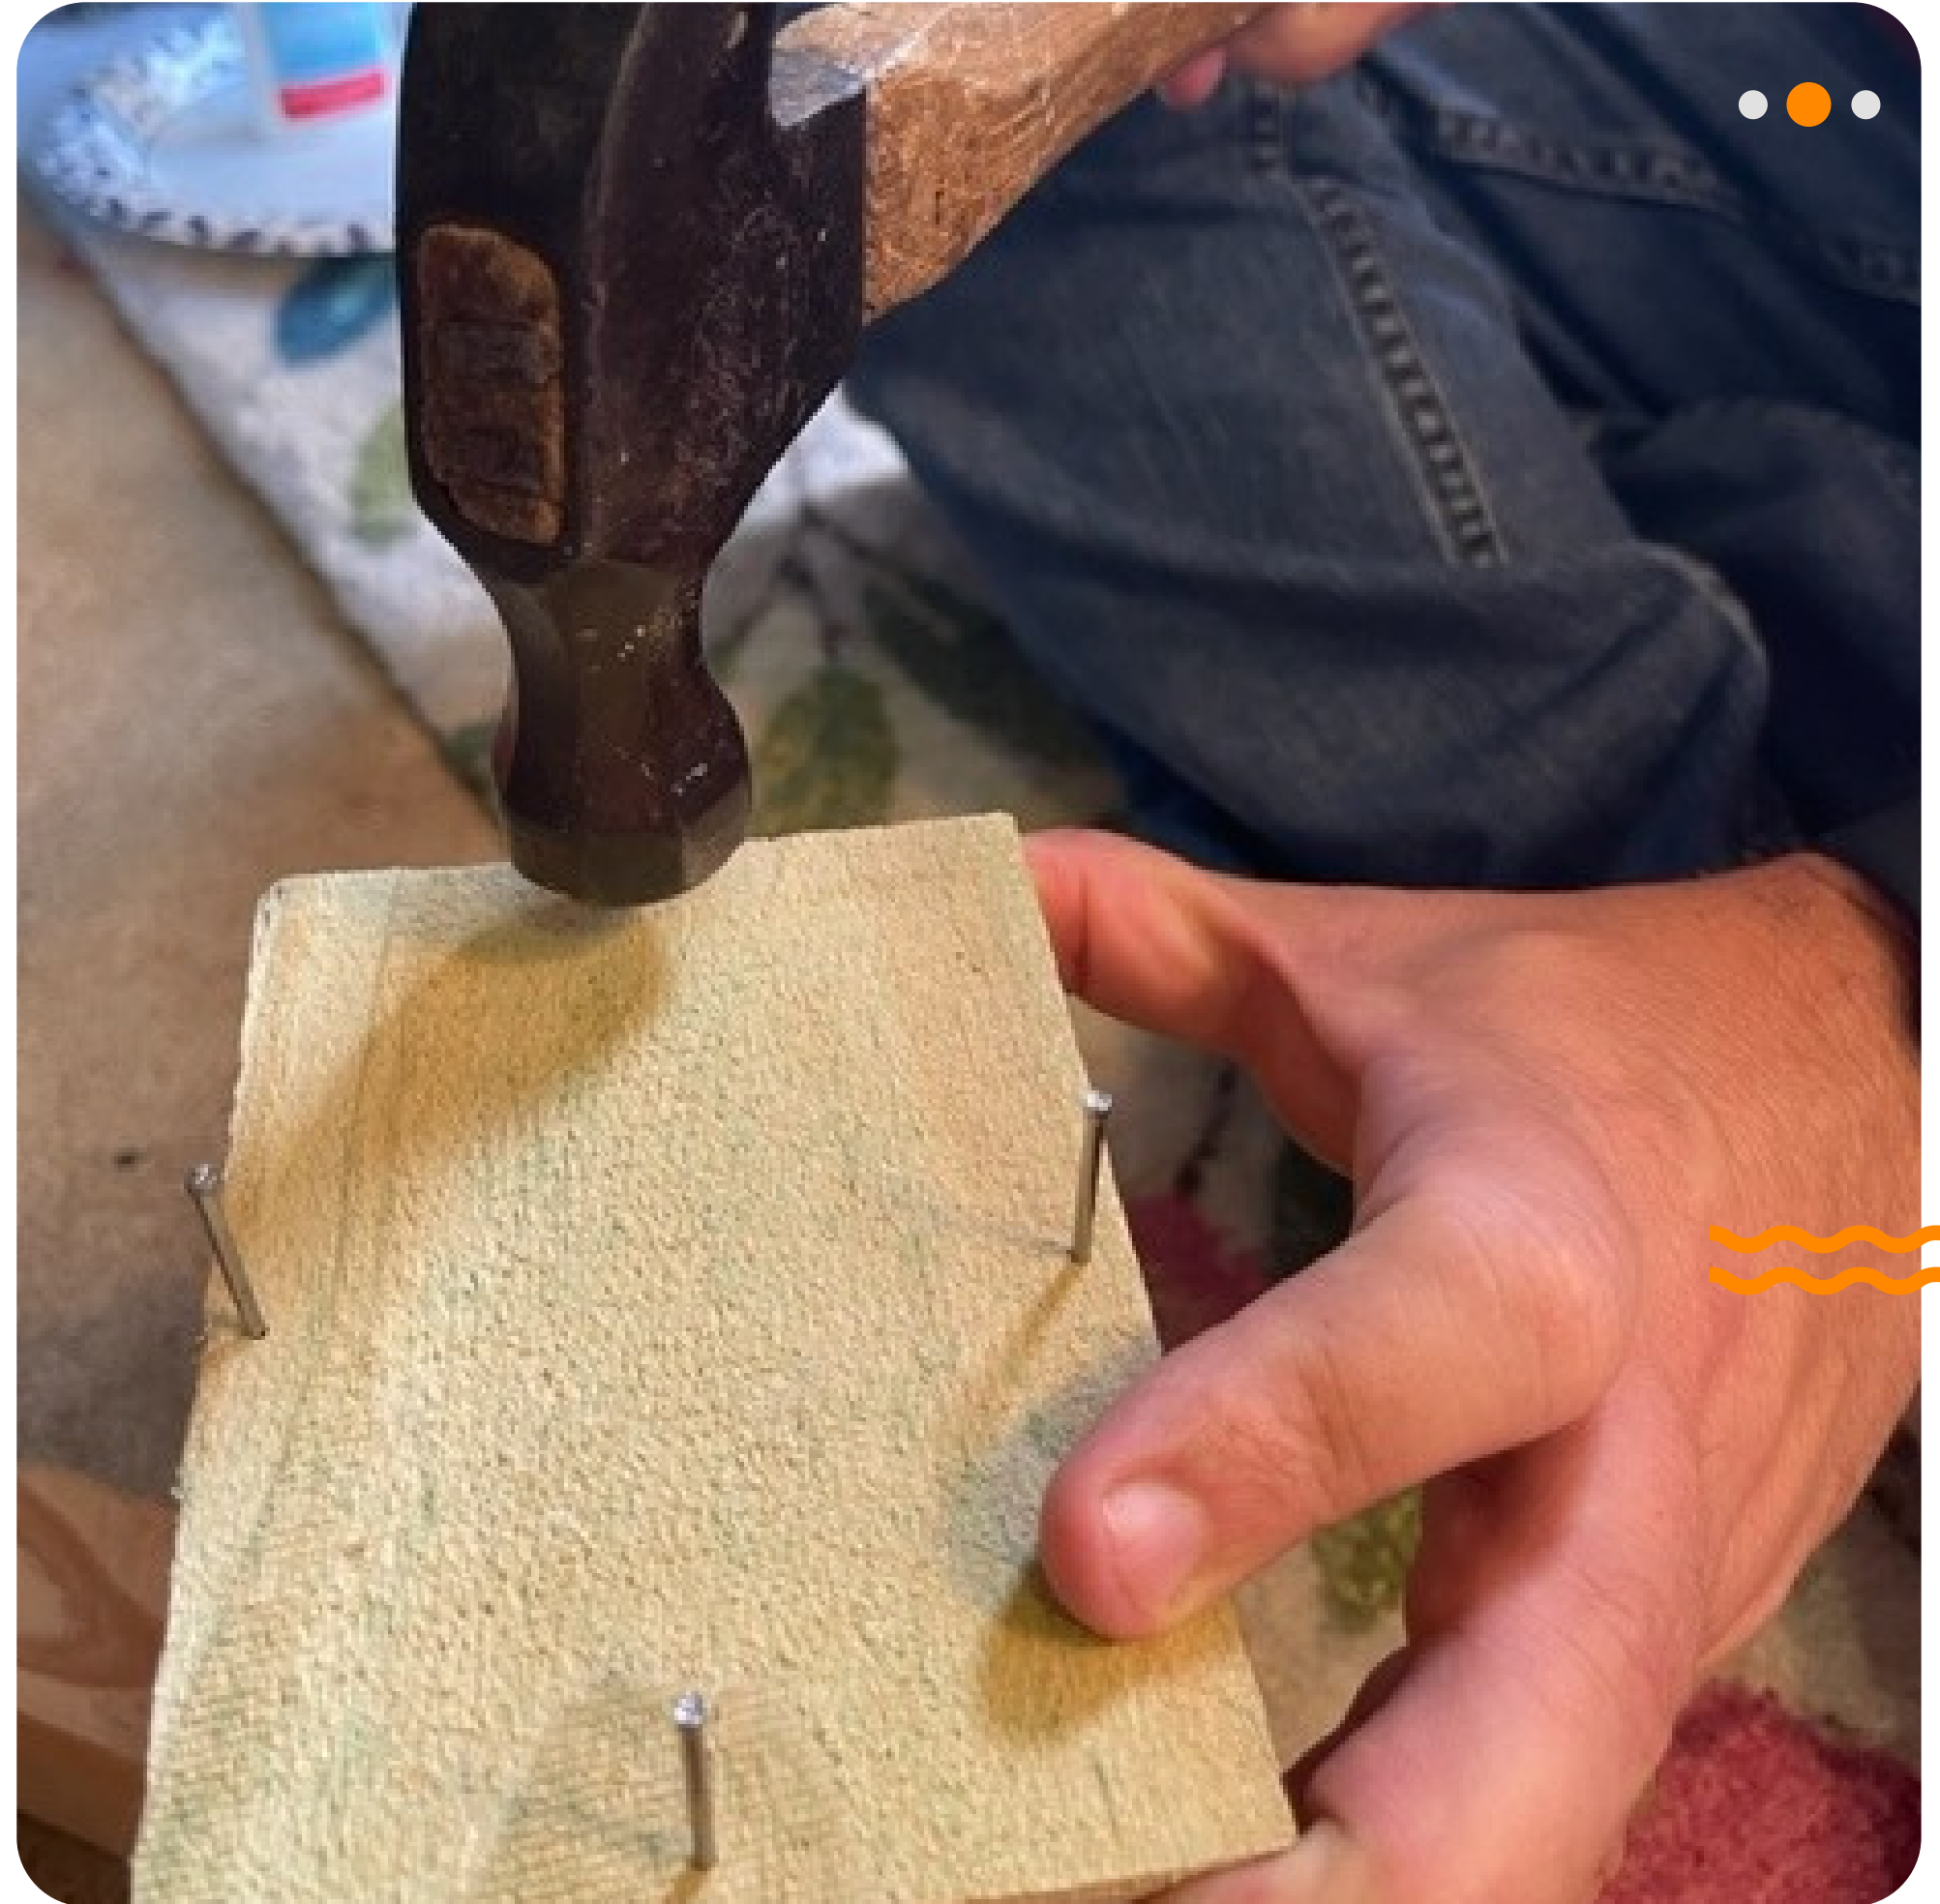

Step 11
Start the nails
to the floor and
apply glue to
the floor.

Step 12

Finish the nails to attach the floor to the walls.

Step 13

Start nails on the roof and apply glue to where the roof will be installed.

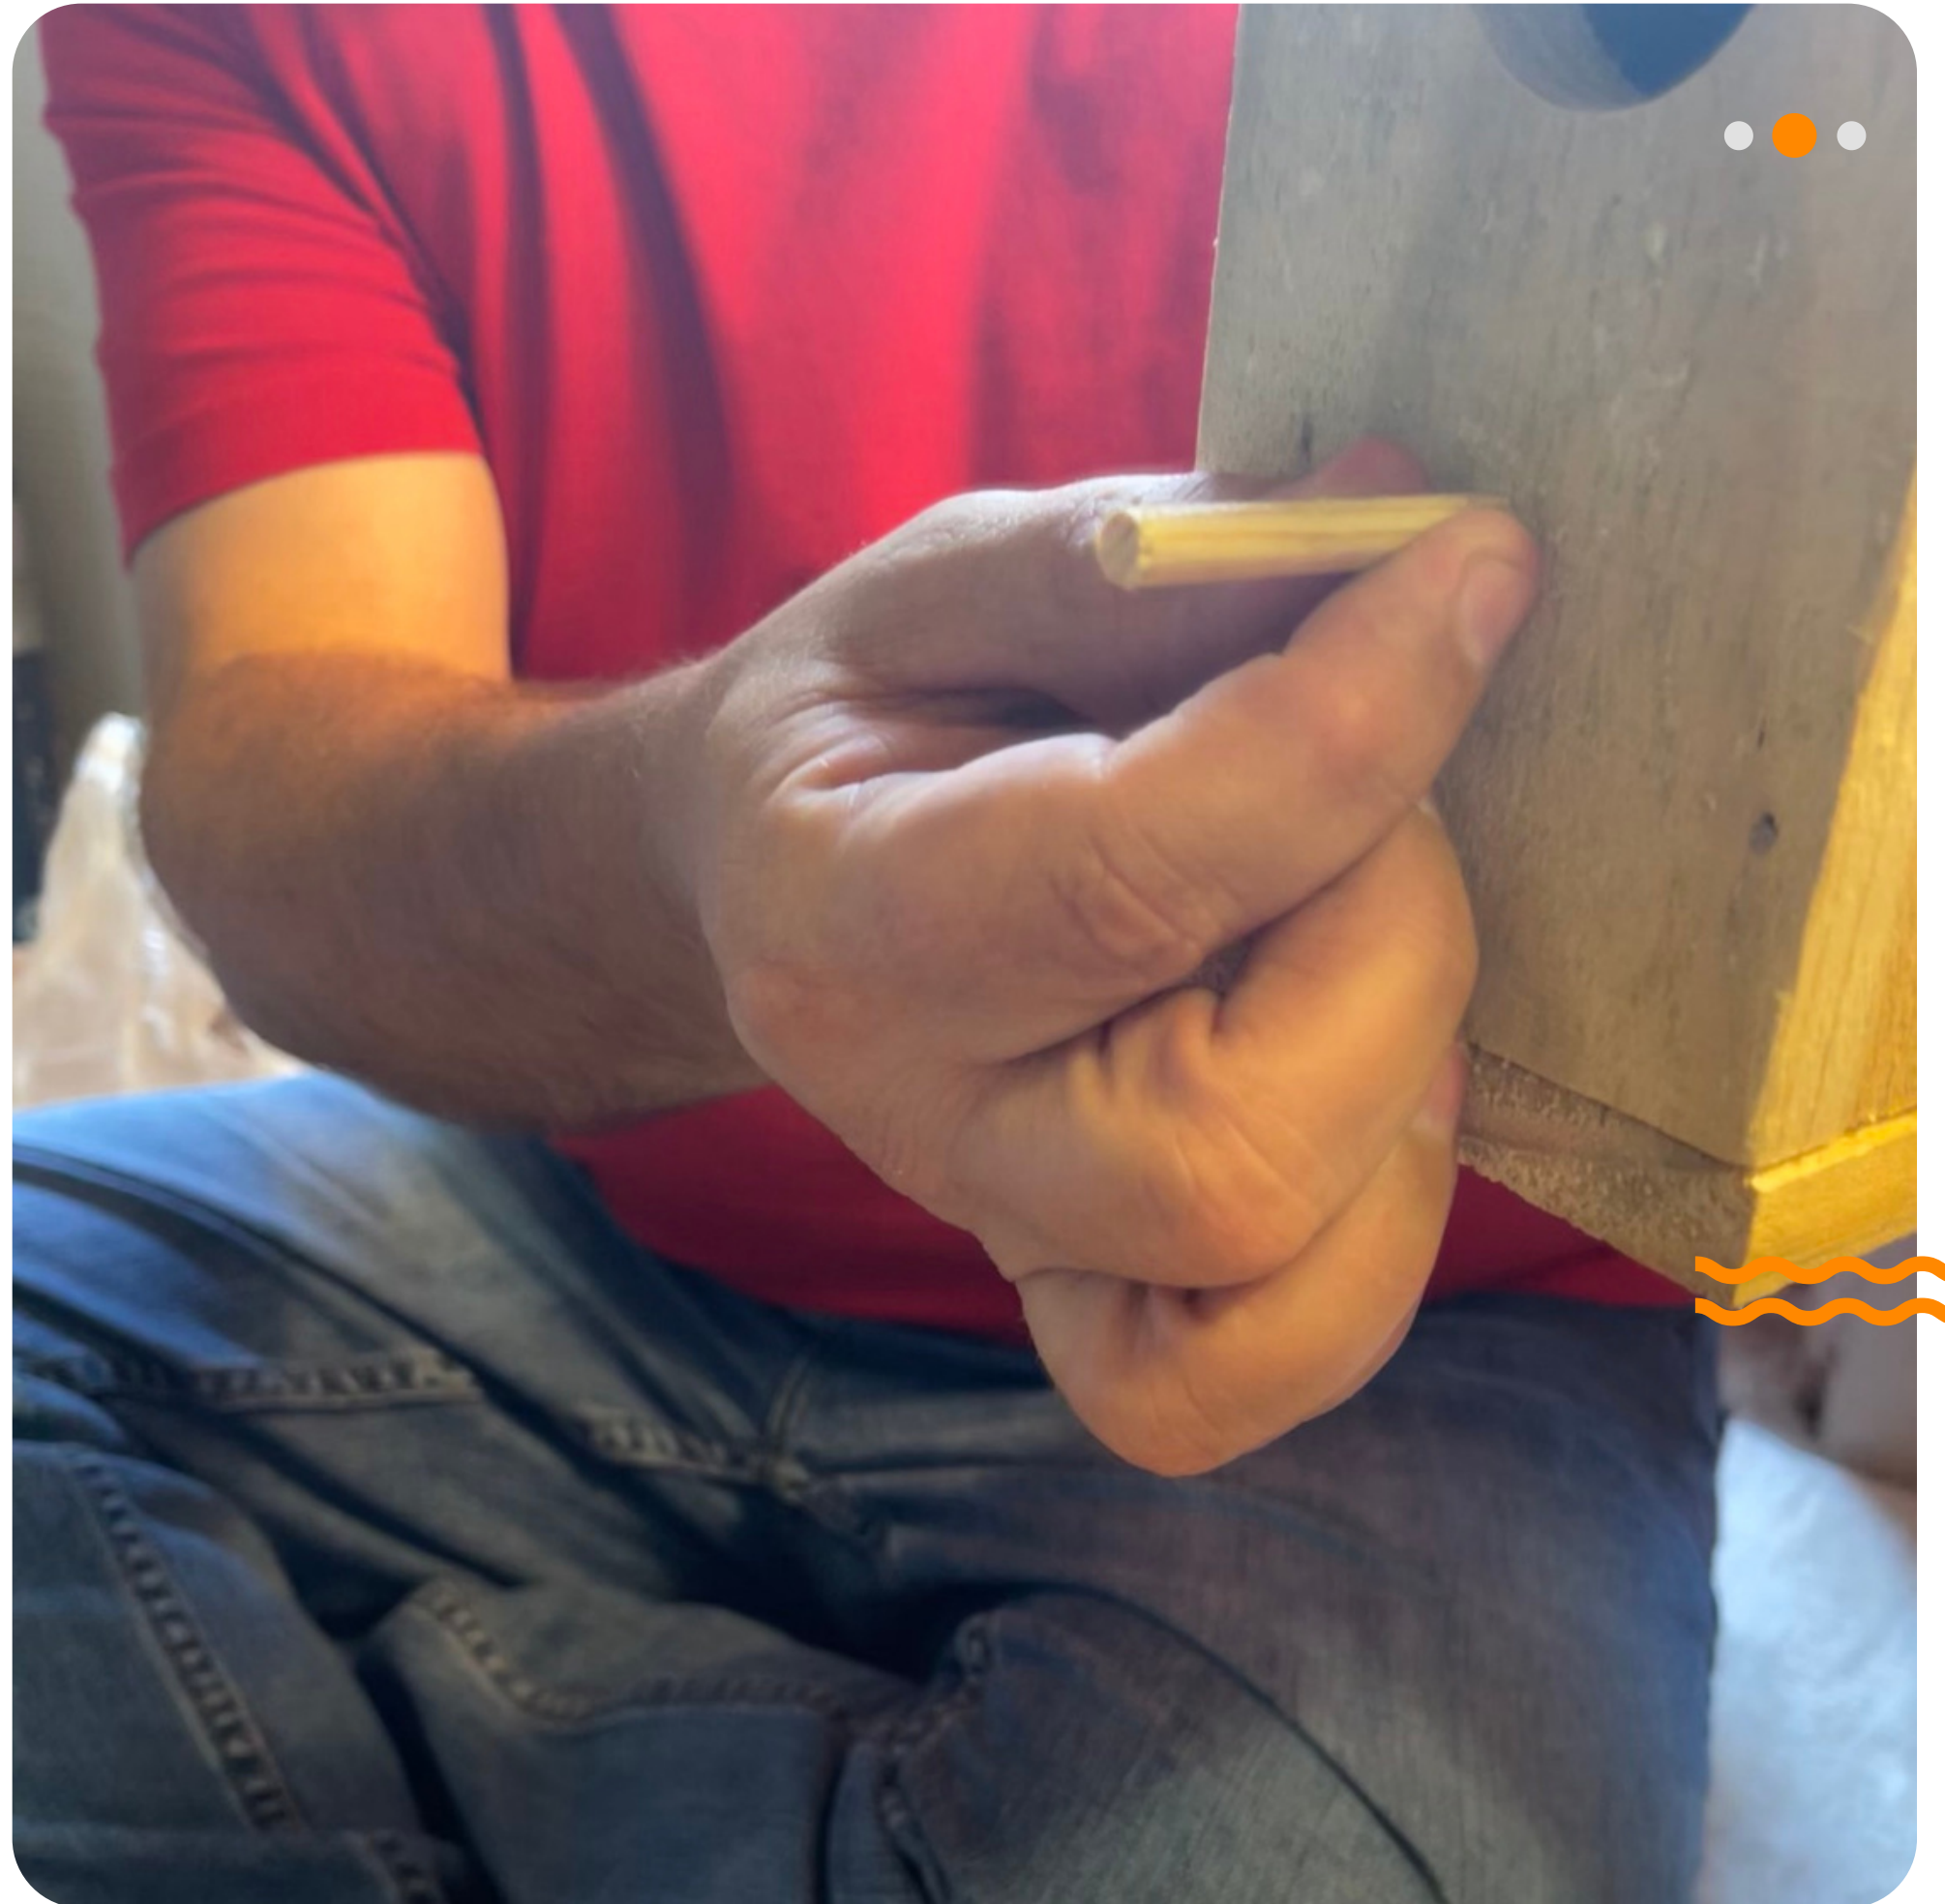

Step 14

Finish driving nails to install roof.

Step 15

Using a bit of glue, apply glue into small hole at the front. This is the perch.

Adventure Kids 2023

Great Job!
